Laboratory Environments

Commercial

Industrial

ECM is a cleantech contractor that provides a full array of energy efficiency and sustainability services for energy service companies (ESCOs) and corporate clients. For over 15 years, ECM has provided turnkey solutions to reduce energy and achieve sustainability goals through measurable efficiency improvements.

Weatherization

Our Building Envelope Solutions group is a national leader in weatherization-related efficiency upgrades, offering turnkey building envelope and insulation services, as well as window film and glazing solutions.

Water

Our skilled engineers provide the latest water efficiency technologies. Our expertise includes domestic water conservation, irrigation and ground water wells, treatment and reclamation, Ozone laundry, and aquatic services.

Lighting

From audit and design to installation and controls to measurement and verification, we offer full-service, turnkey lighting retrofits. Our team has completed over 100 million square feet of ESCO and corporate projects.

Air

We are the exclusive U.S. dealer of TEL equipment, a world leader in airflow controls and monitors and a leading supplier of laboratory fume hood sash closers, VAV controls, kitchen exhaust demand controls, and more.

HVAC

We offer HVAC and mechanical rejuvenation, retrofit, and coating services for a full range of equipment. Our proprietary HVAC Armor coating helps improve performance and longevity of your components and systems.

Infrastructure

We offer rejuvenation, retooling, and data automation services for wastewater, industrial, and large commercial clients. Our expertise includes coatings for manholes, tanks, and more; pipeline repairs; utility metering; and automation and monitoring.
